STATUS OF TTIC ACTIONS: APRIL 1986I. Highlights

- ° Under Secretary of State William Schneider asked TTIC and COMEX to assess for the SIG/TT the technology transfer implications of the proposed research program for the International Institute for Applied Systems Analysis (IIASA). [REDACTED] 25X1
- ° State requested information on the diversion of controlled equipment through Cyprus to the USSR. A short deadline study, prepared by CIA/TTAC, was forwarded to State for use in discussions with the West Germans on Cyprus. [REDACTED] 25X1
- ° Members of the TTIC Silicon Working Group prepared a report on Warsaw Pact silicon production capability to assist US negotiators in defining what production equipment and materials should be controlled by COCOM and not exported to Warsaw Pact countries. [REDACTED] 25X1
- ° State/INR initiated two biweekly newsletters - S&T Review and Arms Transfer - which include technology transfer related items. The publications are designed to alert policy levels about export control issues. [REDACTED] 25X1
- ° TTIC/COMEX arranged and participated in a panel discussion for the Security Subcommittee of the NSC-chaired Interagency Group on the President's Geneva Exchanges Initiatives (IG/GEI) to discuss the visa process and the monitoring of foreign students in the US. [REDACTED] 25X1
